On this site, you will find the **complete [menu](#) of Montana's** from Newmarket. Currently, there are **164** dishes and drinks available. Nestled in a cozy corner, this restaurant offers a mixed dining experience that sparks both enthusiasm and disappointment. While dishes like fajitas shine brightly, praised for their flavor and presentation, some menu items such as the all-you-can-eat ribs have received criticism for dryness and under-saucing. Service levels vary, with exceptional staff like Sue enhancing the atmosphere with warmth and attentiveness, although other diners have reported delays and inattentiveness during peak hours. The inviting ambiance and friendly staff create a welcoming space, making it a charming destination, but consistency in food quality and speed of service remains an area for improvement.
